Central Y.M.C.A.,
Toronto.

Dear Mr. Caldwell:

If you will come to see me some day I shall be glad to have a talk with you concerning what you wrote to me in the letter that I received yesterday. It would be more satisfactory for me to see you personally than to write. If you will ring up my office an arrangement can be made mutually convenient, either before I leave for the West next Tuesday or after my return about the middle of April.

Yours sincerely,

President.

My dear Professor Cameron:

The name of Professor R. H. Lang was mentioned in connection with the honorary degrees, but it was not taken up by the Committee, and I do not think that it would be possible to have the Committee sufficiently unanimous in granting such a degree.

I have to thank you also for the letter with its excellent translation. I think you have done it admirably.

I leave for the West on Saturday, October 18th, at 7:15 p.m. and am to be in Winnipeg on the morning of the 20th. I hope to leave Port William again on the evening of Thursday, the 23rd. It would be a great pleasure if you were able to be with me in any of these journeyings.

With kind regards, I am,
Yours sincerely,

Dear Sir:-

The Canadain Association of China begs to present the enclosed resolution with the request and earnest hope that you, as representative of one of Canada's largest institutions of higher learning, will endorse the same and give it your hearty and lively support. This matter of education of Chinese students is one that will of course seem of greater importance to both merchants and missionaries in China and on the western coast of Canada than to those of Central and Eastern Canada, but as it is highly desirable that many of these students should enter Toronto university we request you, sir, to co-operate in furthering the object set forth in the resolution.

We enclose also a copy of the Constitution and Bye-Laws of the Canadian Association of China and in so doing would also point out that this matter of education of Chinese in Canada will, we are certain, result beneficially to Canada and Canadian interests generally.

Yours very truly,

To Whom it may Concern.

The Canadian Association of China in session assembled this 16th day of February 1920 having received information that the British Government proposes to forego payment by the Chinese Republic of the indemnity levied upon China in consequence of the Boxer Rebellion, such indemnity to be applied to the education of selected Chinese students within the British Empire, does hereby place itself on record as being highly desirous of securing a proportion of this foregone indemnity to be applied to the education of such selected Chinese students in the Universities and other institutions of learning in the Dominion of Canada.

It is known that the indemnity foregone by the United States of America and thus applied to the education of selected Chinese students in America has done a great deal toward the breaking down of antipathy between the United States of America and China and in creating a large degree of good will between the twp nations. The similar geographical situation held by Canada as regards China, the similarity of development and the equivalent efficiency of our Canadian institutions of learning to those of the United States would indicate the advantage to be gained by the British Empire in thus encouraging and arranging for the education of such selected Chinese students in the Dominion of Canada.

Dear Sir Robert:-

I am in receipt of yours of the 20th. ult., and gratefully note that you have written the Civil Service Commission in my behalf.

As I have not yet been advised as to the results of my applications for the positions of Trade Commissioner for Paris, and Glasgow, my plans for the future are still tentative. As intimated, lack of financial aid has prevented me from continuing in Law, and, if the results of both applications prove unfavourable, I shall return East about the end of the month to seek an opening in a Commercial or Financial House. In the latter event I should like to take advantage of a post-graduate course in Commerce & Finance, and Economics, providing that the scheme of Government aid to returned University men was approved, and I were eligible. In this connection I have noticed your work in formulating this proposal, and your efforts to persuade Ottawa to adopt same. Only the other day I read a very favourable editorial on the subject, in the Vancouver Province.

Again thanking you for your kindnesses,

I am,

Yours sincerely,

Sir Robert A. Falconer,

Dear Sir Robert:-

I am in receipt of a communication from Mr. William Foran, Secretary of the Civil Service Commission at Ottawa, re an appointment to the position of Canadian Trade Commissioner for France, now vacant, for which candidates are applying; and, acting upon his suggestion, I am forwarding immediately a formal application, setting forth my qualifications, etc.

The Commission, however, requires that applicants forward three letters of reference as to their experience and qualifications for the position in question. As my fitness for this undertaking is founded, in a large measure, upon my service overseas in liaison with the French, it is difficult for me to submit the names of three senior officers who would have proper and first-hand knowledge of the manner in which I carried out all duties assigned to me. I know it is unnecessary to remind you of our meeting at my Headquarters in France, on August 31st.1918, when you were shown over a portion of the operations; and I feel that you might be willing to say a word on behalf of a Graduate of the University of Toronto.

May I mention briefly my previous occupations, which are three:

First.- - Student-at-Law, Kamloops; duration of service: over two years during which period I acquired a knowledge of legal and office routine.

Second.- - Attendance at the University of Toronto. During my four years as an Arts Undergraduate (but more especially since that time) I took more than an ordinary interest in the Italian and French languages and in Political Economy.

Third.- - Service with the Canadian Expeditionary Force. I served twenty-two months in France with the Forestry Corps, during which time I acquired an excellent general knowledge of French business methods and customs; sudceeded in improving, to a very considerable degree, my knowledge of their language; and formed connections, both business and social, which would upon occasion prove invaluable. At the time of signing of the Armistice I held the rank of Major, commanding three companies. At this point I might well mention the fact that, because of the aforesaid qualifications, I was held in France, by orders of Corps Headquarters, until the

end of March, 1919, to assist in turning over or selling, partly to civilians and partly to the French Government, various Ordnance Stores, Sawmills, Auxiliary Machinery, Lumber, Horses, etc. If you wish the above statements of my service qualified, I beg to refer you to my last Commanding Officer in France, Lieut. Col. F. J. Carew, Sec-Treas. of the Carew Lumber Co., Ltd., Lindsay, Ontario.

Owing to various circumstances I have abandoned my previous intention of continuing in Law, and am seeking an opening in Commerce. I feel confident that, in the event of securing the appointment referred to above, I should, by serious thought, application and study, make a decent success of it.

I have stated above that three letters of reference are required, and I have accordingly written the following gentlemen, asking them to use their good offices in my behalf:

Lieut-Col F. J. Carew, Lindsay, Ontario, and R. W. Steele, Esq., Mgr. Dominion Securities Corporation, Ltd., Montreal.

May I suggest, if you see fit to grant my request, that you write the Commission direct, as the time for the receipt of applications has already expired. An addressed and stamped envelope is enclosed herewith.

With kindest regards and very grateful thanks,

Yours sincerely,

Aug: 15th: 1919

Dear Sir:—

I am enclosing a letter to you which was kindly handed to me by Mr. Edwin Bell. It so happened that I had already approached the Board of Governors of the University through Mr. Graham Campbell - Superintendent - concerning the subject of this letter before I had any thought of receiving Mr. Bell's kind favour.

I am asking the use of Convocation Hall to put on the grand opera of St Saens' "Samson and Dalila" in Oratorio or Concert form. I proposed in my letter to Mr. Campbell, that the proceeds of this Concert, after deducting the necessary Expenses, be handed to the

University authorities to be devoted to any charitable purpose they may designate, that may be connected with the Institution. Under such an arrangement the University would be interested and the various connections of the same would be instrumental in helping the success by taking an interest in the sale of tickets etc

Should this project meet with your approbation, I shall be most grateful to you for any assistance you can give me.

I beg to remain

Yours very faithfully.

P. S. I mentioned in my letter to Mr. Graham Campbell that in the unforeseen event of there being a financial deficit I would hold myself responsible financially provided that there had been a real effort on behalf of all concerned to assist in the sale of tickets. J. A. C

My Dear Sir;

Your letter has been forwarded to me to my summer home; hence the delay in answering it. At present I do not know what University organisation could become responsible for co-operating with you in putting on the opera in Convocation Hall. Everybody is absent on holiday, but in any case I do not know to whom the matter could be referred with any likelihood of their undertaking do the work that would be involved in the matter. Possibly some student or alumni organisation might, but I have no authority over them.

Dear Sir:

The Architects of Hart Hours, to which you refer, are Messrs. Sproatt and Rolph. The new building is not as Chancellor Kirkland indicates, a memorial for our soldiers. It is the gift of the Hussey Estate and is to be used for all the men's activities: a Union, Dining Hall, Y.M.C.A., Athletic Association and a theatre. All men students will be required to pay a fee of membership. Probably the building meets in a general way the same kind of needs that you are planning for your new building.

I will send your letter to Mr. Hussey and he will probably ask Messrs. Sproatt and Rolphe to send you any special information.

Yours sincerely,

President.

Dear Friend,

HUBERT.R.KEMP has applied to our Committee offering his services for work in Vienna during the coming vacation and possibly longer.

He suggests that his services would be most useful in the way of publicity especially on his return to Canada. The time for which he is available is very short and the expenses of sending men out are very considerable.

I should be glad if you could drop me a line as to his qualifications for this particular branch of work. I should also be glad of your opinion as to his general character and sympathy with the aims and ideals of this Mission.

Thanking you in anticipation,

Dominion Water Power Branch.

DIRECTOR'S OFFICE, MOTOR BUILDING.

Ottawa, September 27, 1919.

Dear Sir Robert,

At a meeting of the Ottawa Branch of the Alumni Association of the University of Toronto yesterday afternoon, brief consideration was given to the important question of the request of the under-graduate body of returned soldiers for financial assistance from the Government, in order that they may complete their courses.

Our Committee is aware of the vigorous action already taken by yourself in behalf of the under-graduate body of returned soldiers of our own University, and are particularly anxious to do everything in their power to facilitate early and favourable consideration by the Government for some measure of assistance. It was thought that probably an arrangement might be arrived at whereby loans could be granted the under-graduate returned soldiers. Furthermore, that if the Alumni Association would agree to guarantee all loans, the Government might be more inclined to consider such a proposal.

I was instructed, as Secretary of our local Committee, to communicate with you and call your attention to the above suggestions, and at the same time enquire whether information was available regarding any appropriate action secured under similar circumstances, on behalf of the under-graduate returned soldiers of American or Canadian universities. Mr. E.R.Cameron, K.C., of our Committee, is particularly interested in this matter and has as you are no doubt

Dear Mrs. Challener:

I regret very much to know that your son has suffered from the compulsory vaccination which on the orders of the City Health Officer we have had to ask all the students of the University to undergo. I hope, however, that he will soon be quite better.

Meantime, I am sending your letter on to the Dean of the Faculty of Medicine and asking him to look into the matter and to do the best we can in order that he may lose as little time as possible.

Yours sincerely,

President.

Dear Mrs. Challener:

In the absence of the President I beg to acknowledge the receipt of your letter regarding the vaccination of your son and to say that it will receive the attention of the Faculty of Medicine on the return of the President.

I hope your son will soon be able to resume his studies.

aware, since the inception of the war, been giving a great deal of his time to the assistance of the soldiers.

Our local Committee is looking forward to an early conference with Mr. Cassidy in connection with the War Memorial proposals. It is probable that Mr. Arthur Ford and the undersigned will be in Toronto next week when, under the direction of our local Committee, we hope to have an opportunity of taking up the question actively with him. The situation in Ottawa is somewhat difficult in view of the fact that the reclassification of the Civil Service has not been effected. Notice has been given by the Honourable Mr. MacLean for the introduction of a measure providing for the reclassification, and it is probable the question will come up for consideration in the House on Tuesday or Wednesday of next week. If the reclassification proposals are given effect to at this Session, we should have a very satisfactory campaign in Carleton County. If these reclassification proposals are not put through, the great majority of the alumni here will hardly be in a position to consider adequate contributions. We are therefore very largely dependent upon the action of the House with regard to the Civil Service Bill.

I beg to remain, Sir,

Yours faithfully,

J. D. Chalmers

September 30th, 1919

J. B. Challies, Esq.,
Motor Building, Ottawa.

Dear Mr. Challies:

I am inclined to think that the obligation of guaranteeing loans made to undergraduate returned soldiers would be a heavier burden than the Alumni at present could undertake. Up to date there seem to be about one thousand returned men in the various departments of the University of Toronto, and doubtless there are hundreds of others who would wish to come if loans would be made to them. Even as it is the Alumni Association has requests for loans amounting to over $25,000, which however it cannot at all meet at present. The Association last spring only authorized an expenditure of $5000 in this way, but as yet the funds are not forthcoming to go beyond this in view of the promises that have been made to the Alumni with regard to the Memorial Fund.

If you would write to the authorities in the State of Wisconsin they would doubtless send you a copy of the Act dealing with what they have done for their returned men. Dean Sellery of the Faculty of Arts of the University of Wisconsin sent me a copy last week, and he would of course be glad to send you one also.

The Act gives aid to those who wish to continue their education in any of the public elementary, high, or vocational schools of the State, mining, normal or University to the amount of $30 a month while in regular attendance at such institutions, but not to exceed a total of $1080 in lieu of the soldier's bonus. The bonus shall be available to all persons who desire short courses of less than a year's duration. The bonus shall be authorized for one year at a time, and may be renewed yearly, not to exceed three times, and depending upon the satisfactory progress of the student as determined by the authorities of the educational institution which he attends.

Professor Sellery writes me that it is estimated that appropriations under this Act will run to fifteen millions. He tells me also that our memorandum presented to

the Canadian Government was used as one of the arguments for getting this bill through. It is a piece of irony that our Government will not yield to argument which counts for something with a foreign state.

Are not the indications more hopeful than they were? I note what you say with regard to the effect of the action of the House in the matter of the Civil Service Bill upon the subscriptions that may be made by our Alumni in Ottawa. I can quite realise the close connection. You told me about it in Ottawa last May.

I shall be glad to see you when you come to the city and to talk the matter over.

With kind regards, I am,

Yours sincerely,

President.

My dear President:

I am sending you under separate cover several copies of the official notice I have had printed for the use of American universities and colleges. The work which the Office National des Universités is conducting, in very close co-operation with the Institute of International Education, the Association of American Colleges, and the American University Union should be brought also to the knowledge of Canadian universities, and the attention of one and all drawn to the fact that I shall always be happy to do my utmost not so much to promote as to organise on a strictly practical basis all exchanges between Canadian and French universities.

I should be deeply obliged to you if you would be good enough to have these notices posted up in every department of your University, whether scientific or literary. Additional copies shall be sent to you if required, and you may always command me if I can be of any service to you, or your colleagues.

Mr. Walter F. Chappell,
Charter Club,
Princeton, N.J.

My dear Walter:

Your letter arrived yesterday and I am very pleased to be of any service to you in my power. On the whole if I were in your position I think I would go to Oxford next year. Of course it might be sometime a drawback not to have a regular Princeton degree, but a War Certificate will likely count in the future as pretty nearly its equivalent. The fact that your friends are leaving this June and that you will have others to go with you to Oxford would count for a great deal.

Of course I think the best thing would be to finish at Princeton and then take a year in Oxford, but if you cannot do both, I am inclined to think that a year in Oxford now would yield you the best returns.

However, if you go to Oxford be very careful to try and get introductions to a College in which you will get good tutors, one like Balliol, Corpus, University, Oriel or Trinity. In these I think you would find a set of students which would give you some of the best of Oxford life. Probably, however, there are some Oxford men on the Princeton staff who would be able to help you.

I do not expect to be in New York now for some time, but if I should go down in the spring I will of course try to see you. Please give my kind regards to your sisters.

Yours sincerely,

President.

My dear President Chase:

I have a letter from Dr. Locke to whom I had given a commission to represent the University of Toronto going to North Carolina, he had remained in Baltimore at the Johns Hopkins Sesquicentennial Celebration and has received the letter which I had written to him asking him to act as our representative. He also states that now it will be impossible for him to attend as he must go to a special meeting of the American Library Association, which is to be held in Atlantic City April 28-30, and he will therefore not be able to accept your kind invitation to speak at the Inaugural Dinner. In these circumstances I am very sorry that the University of Toronto must go unrepresented, as we are not in a position now to send any one else.

Will you allow me at the same time to express to you our desire that your inauguration may be most auspiciously carried out and that it will be the beginning of an era of unprecedented prosperity in the University ?

I am,

Yours sincerely,

ANNIVERSARY OF ST.JULIEN DAY, THURSDAY,

APRIL 22ND, 1920.

THOS. L. CHURCH, ESQ., MAYOR OF THE CITY OF TORONTO.

Whereas it is fitting and proper that in the City of Toronto there should be an annual commemoration of the Battle of St. Julien, where the Empire and her brave and devoted Allies were victorious, I therefore, request that on Thursday, the 22nd instant (the anniversary of that great Battle), at 11 o'clock in the morning, there be for the brief space of TWO MINUTES a complete cessation of all business and domestic activities, so that in perfect stillness the prayers and thoughts of everyone may be concentrated in reverent remembrance of our glorious dead and of the Victory by God's grace vouchsafed to the Empire.

I would further request that flags be flown by the citizens on that day at topmast head throughout the City.

In witness whereof I have hereunto set my hand and caused this proclamation to be made public.

T. L. CHURCH, Mayor.

Mayor's Office, Toronto, April 17th, 1920.

GOD SAVE THE KING.

I would ask that the members of the Union as far as possible comply with the request of the Mayor in order that the great event of our History may be commemorated by the Union.

The returns for the second year in Arts are not yet completed, and I am unable to say what standing he has on his examinations, but I should think he would be a very competent man for the work for which he applies.

Dear Mr. Clark;

You will remember that the Canvass in Toronto for the University War Memorial Fund was suspended last May by reason of the bringing on of the "Big Four" Campaign. We have decided to resume our canvass as soon as possible and to have it completed before the Victory Loan Campaign opens at the end of October. In order to make our efforts a success we need the fullest co-operation of our friends, who realize the great importance of this Memorial Fund. On account of the interval some changes in the organization have become necessary, and we must secure strong men to lead our committees. Our Executive Committee is very anxious to have you undertake to act as Captain of a Team. I hope that you will be able to participate with us in this way in order that we may realize our expectation of providing a memorial that will show our appreciation of the sacrifice of our fellow Alumni and the students of this University.

You will hear from Mr. Cassidy immediately as to the time and place of the meeting of the leaders.

APPROVED BY THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA UNDER ORDER 162.
DATED MARCH 30, 1916.

It is agreed between the sender of the message on the face of this form and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of any unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case the Company shall be liable for damages, suffered by the sender to an extent not exceeding $200., due to the negligence of the Company in the transmission or delivery of the telegram.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz: one per cent. for any distance not exceeding 1,000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall not be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers he acts for that purpose as the sender's agent if by telephone the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

No employee of the Company shall vary the foregoing.

DAY LETTERS.

This Company will receive DAY LETTERS, to be transmitted at rates lower than its standard telegram rates, as follows: one and one-half times the ten-word Day message rate shall be charged for the transmission of fifty (50) words or less, and one-fifth of the initial rate for such fifty words shall be charged for each additional ten (10) words or less.

DAY LETTERS may be forwarded by the Telegraph Company as a deferred service and the transmission and delivery of such DAY LETTERS are, in all respects, subordinate to the priority of transmission and delivery of full-rate messages.

DAY LETTERS shall be written in plain English, or in French. Code language is not permitted.

DAY LETTERS may be delivered by the Telegraph Company by telephoning the same to the addresses, and such deliveries shall be a complete discharge of the obligation of the Telegraph Company to deliver.

DAY LETTERS are received subject to the express understanding and agreement that the Company does not undertake that a DAY LETTER shall be delivered on the day of its date absolutely and at all events; but that the Company's obligation in this respect is subject to the condition that there shall remain sufficient time for the transmission and delivery of such DAY LETTER on the day of its date during regular office hours, subject to the priority of the transmission of full-rate messages under the conditions named above.

After more than a century, however, of such inestimable service as this Society has rendered it hardly seems necessary for me to say anything in the way of commendation. One would suppose that all those who are interested in the work of the Churches would understand how vital to their welfare is the widespread use of the Bible, such as has been made possible during all these years by the British and Foreign Bible Society.

The Chancellor,

Ontario, Canada.

My dear Sir,

I understand that there is now a vacancy in your University in the Deaprtment of the New Testament, and, as I have this year been awarded the Harvard degree of Doctor of Theology in this field, I desire to make application for the appointment.

I was born in London, England, of parents, who came, on my father's side, from the North of Ireland, and, on my mother's side, from Fredericton, New Brunswick. Owing to poor health in my teens I spent five years in the Maritime Provines of Canada, upon the recommendation of our family physician, which resulted in renewal of health, so that I was able to enter College with some hope of success.

Passing over into Maine, I studied at Bates College, Lewiston, and was graduated with high honors upon the completion of my course. I pursued theological studies at Andover Seminary, and in 1915 received degrees equivalent to the Canadian B.D. from both Andover Seminary and Harvard University.

Upon the advice of Professors Ropes and Lake, of Harvard, a year of study was devoted to the study of the Classical Languages, as a preparation for work in the New Testament department, for which I was granted the M.A. After passing the examinations for the S.T.M. in the field of New Testament, I passed two years in the production of a critical text of the Shepherd of Hermas, which I hope eventually to publish, and such Semitic studies as would be likely to advance my capacity as a teacher of New Testament, namely, Hebrew, Syriac, etc.

I have had nine years' experience of the active ministry in parishes located in rural, manufacturing, and suburban communities, and have been in charge of a parish all the time that I have been carrying

on my advanced Theological studies.

Although I have been so long a resident of the United States, I have never relinquished my Canadian citizenship, as I have always cherished the hope that I should be able to return to Canada upon the completion of my work at Harvard University.

If you desire information about my work at Andover Seminary and in Harvard Divinity School, kindly apply to the President of the one and the Dean of the other, and as to the particular work in the New Testament Department, kindly write to either Professor Lake, 40. Quincy St. Cambridge, or Professor James Hardy Ropes, 13. Follen Street, Cambridge, the first of whom was my Faculty Adviser.

Awaiting the favor of your reply,

I am, my dear Sir,

Sincerely Yours,

Douglas Hilary Corley.

Dr. E. C. Cruickshank,

Connaught Antitoxin Laboratories,

Medical Building, University of Toronto.

Dear Dr. Cruickshank:

Owing to the return of Professor Gilchrist from overseas there is only one vacancy for the members of the staff in the Men's Residences. According to our previous practice, which has been to assign one of the positions to a member of the staff in the Faculty of Medicine, I have to-day asked Dr. Earle of the Department of Chemical Pathology to take the position. I regret therefore that there is no likelihood of our being able to grant your application for a position for the forthcoming session.

Yours sincerely,

President.

Miss A. Curran,
Box 164,
Port Hope, Ont.

Dear Miss Curran:

If it were not for the many other engagements that I have which take up my time I would be glad to write an article for you, but my promises to write articles are now so many that for the next few months I have really more than I can undertake. Perhaps at some time in the future I will be able to come to your aid.

Yours sincerely,

President.

MEMORANDUM FOR

July 15 1919

To be notified if Dominion Government grants financial assistance to returned men.

299 Huron St. Toronto

June 11. 1919.

Sir Robert Falconer. 334
President,
University of Toronto.

Dear Sir:—

Several weeks I noticed a news despatch from Ottawa in the Toronto dailies, stating that the heads of various Canadian Universities were conferring with the Dominion Parliament regarding assisting returned soldiers, in a financial way through

University and other courses.

Can you give me any information as to whether anything will come of this and of what will be done.

Being a returned soldier myself and qualified to enter University I would be greatly obliged if you can give me any information on this subject.

Yours faithfully,

John Cushnie

Dr. H. A. Cuthbertson,
6242 Woodlawn Avenue,
Chicago, Ill.

My dear Dr. Cuthbertson:

Your letter did not reach me until after Professor Primrose had left for Chicago, but he intends to address the Alumni so that the only detail that would have to be attended to is the subscription forms. I will , however, ask the Secretary of the Alumni Association to send you some of these.

Yours sincerely,

President.
